BROKERAGE & MANAGED CAPACITY

One call activates a responsive Canada and US carrier network without lowering the service level, standards of safety, compliance or communication.

WHEN THE PLAN CHANGES

SNAP YOUR FINGERS. WE MAKE IT HAPPEN.

Spot capacity · recovery loads · surge volume · new lanes

01 **RAPID CAPACITY**

Dry · reefer · heated · tandem / tridem · singles / teams

Equipment and capacity matched to the shipment, not the other way around.

02 **CANADA AND U.S. REACH**

Domestic Canada and cross-border coverage

Capacity aligned to the required origin, destination, equipment and volume.

03 **VETTED CARRIER POOL**

Authority · contracts · safety · identity · equipment

Vetted through a careful process with contracts, reviews and renewals. Not everyone joins.

FAST CAPACITY · VERIFIED CARRIERS · ONE POINT OF ACCOUNTABILITY

TEMP CONTROLLED TECH

Supporting with transparency.

COLD CHAIN

MONITOR. ALERT. DOCUMENT.

Reefer and heated solutions across linehaul, local and final mile.

PRE-TRIP READINESS

Equipment condition and pre-cooling process

LIVE REEFER TRACKING

Live location and temperature visibility

TEMPERATURE DOWNLOADS

On demand and record keeping temperature downloads

EXCEPTION ESCALATION

No downtime in alert, response and documented resolution

TECHNOLOGY AND VISIBILITY

INTEGRATIONS & INNOVATIVE TECHNOLOGY

Integrations and workflow.

EDI INTEGRATION

204 / 990 tenders and responses
214 status · 210 invoicing

LIVE TRACKING

GPS location, route progress and ETA
Reefer temperature and setpoint visibility

TMS INTEGRATIONS

Tracking integrations
Integrates with customer visibility platforms

DOCUMENT MANAGEMENT

Centralized shipment documentation
Documents available immediately after delivery

EXCEPTION ALERTS

Proactive delay and temperature notices
Escalation before a service issue grows

PERFORMANCE REPORTING

On time, tender acceptance, P&D KPI reporting and reviews
Lane trends and root cause reviews

CUSTOMER EXPECTATIONS

Defines responsibilities, communication paths and documentation to support consistent execution from tender through billing.

SETUP

CUSTOMER

Lane and volume data; commodity, equipment, SOP, contacts and contracts. Expectations from pickup to billing.

KTX

Network design, rates, accessorial rules and a dedicated account rep.

TENDER

CUSTOMER

POs, locations, dates, appointments, weight, pallets and special instructions.

KTX

Accept or reject within the agreed window; identify missing information and commit to tenders.

EXECUTION

CUSTOMER

Advise changes or cancellations immediately; maintain site contacts.

KTX

Tracking, ETA updates and proactive exception escalation.

DELIVERY

CUSTOMER

Receiver procedures, delivery contacts and expectations.

KTX

POD / BOL plus seal and temperature records when required. Maintain the on-time KPI.

BILLING

CUSTOMER

Invoice format, approvals, disputes and on-time payment within set terms.

KTX

Accurate invoicing aligned with the customer's billing process.

COMMUNICATION STANDARD Over-communicate · critical changes in writing · honour commitments · escalate proactively · remain transparent

OPERATING MODEL

OPERATIONS & EXPECTATIONS

Simple steps beat complex logistics.

01

PLAN

Lane plan
Capacity alignment

02

EXECUTE

Dispatch
Appointment control
Follow plan dates

03

MONITOR

Quiet execution, clear communications

04

REVIEW

KPI scorecard
Continuous improvement

STREAMLINED POINT OF CONTACT · 24/7 OPERATIONS · EXECUTE · MONTHLY REVIEWS

SUSTAINABILITY IN MOTION

PRACTICAL PROGRESS

Commitment to the environment.

SMARTWAY CERTIFIED

Supporting increased efficiency and a smaller environmental footprint for us and our partners.

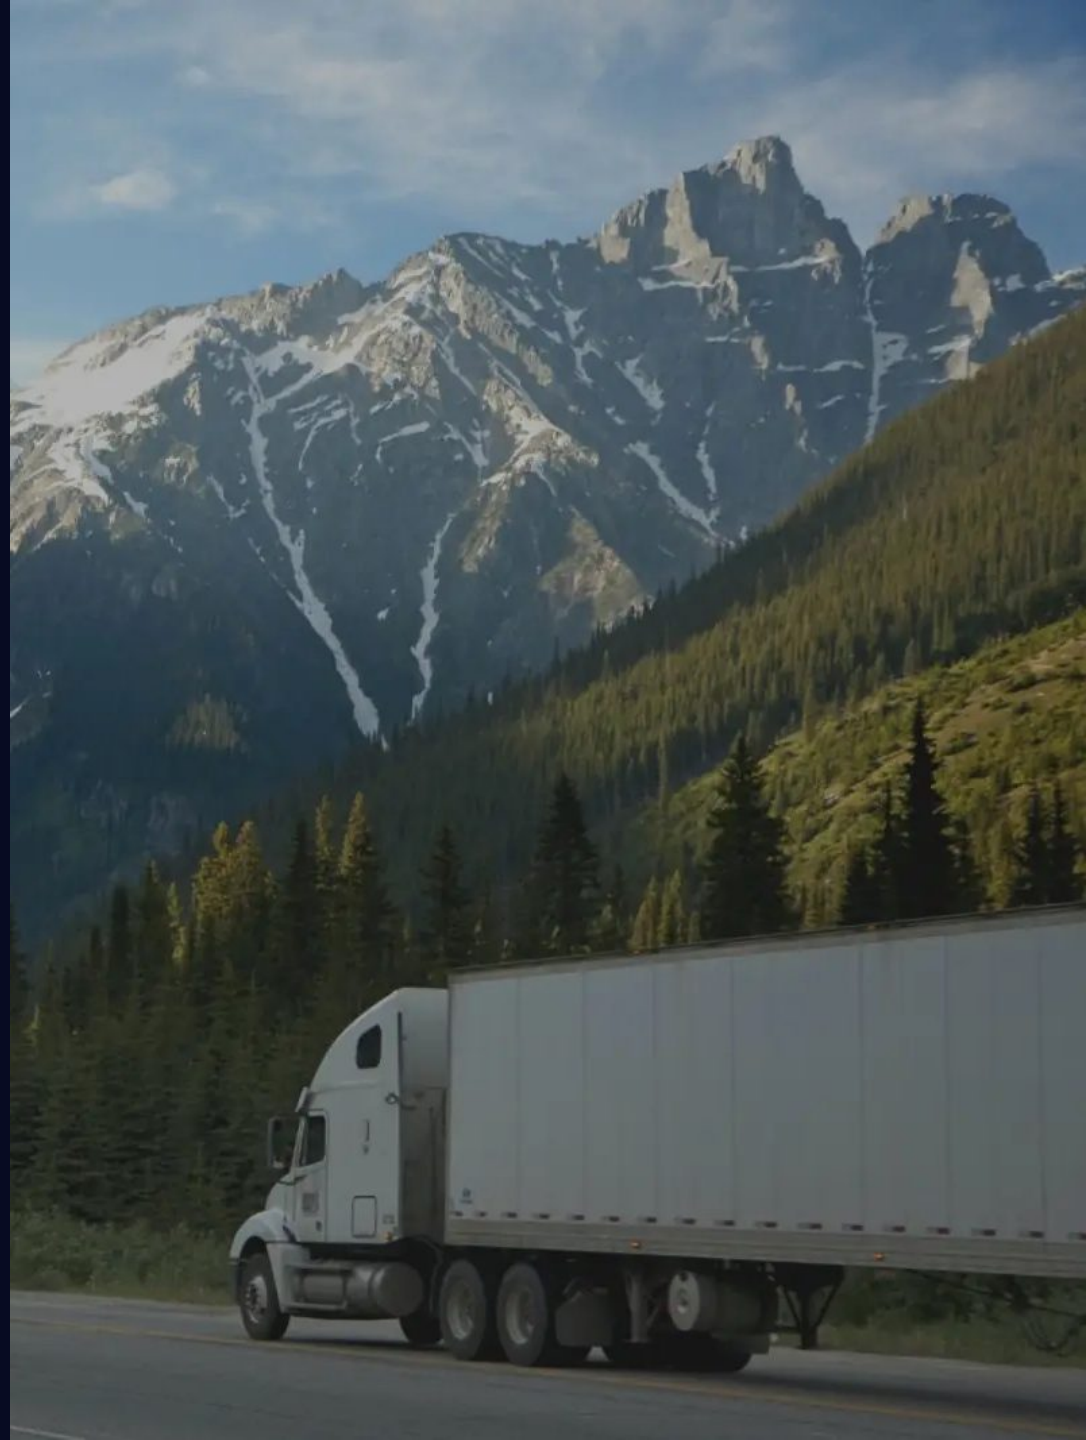
EFFICIENT OPERATIONS

Optimized routes, consolidated freight and fewer empty miles.

FUTURE-READY SOLUTIONS

Exploring electric, renewable diesel and alternative fuel options where viable. Please share ideas for how we can work together to reduce emissions.

PROTECT THE ENVIRONMENT · SHARE IDEAS · SMARTER CHOICES



OUR COMMITMENT

WE MOVE MORE THAN FREIGHT.
WE MOVE PARTNERSHIPS FORWARD.

Built on care. United by service. Always striving to improve.

SERVICE

We take ownership of the outcome and communicate with purpose.

INNOVATION

We keep improving visibility, integration and the technology behind every movement.

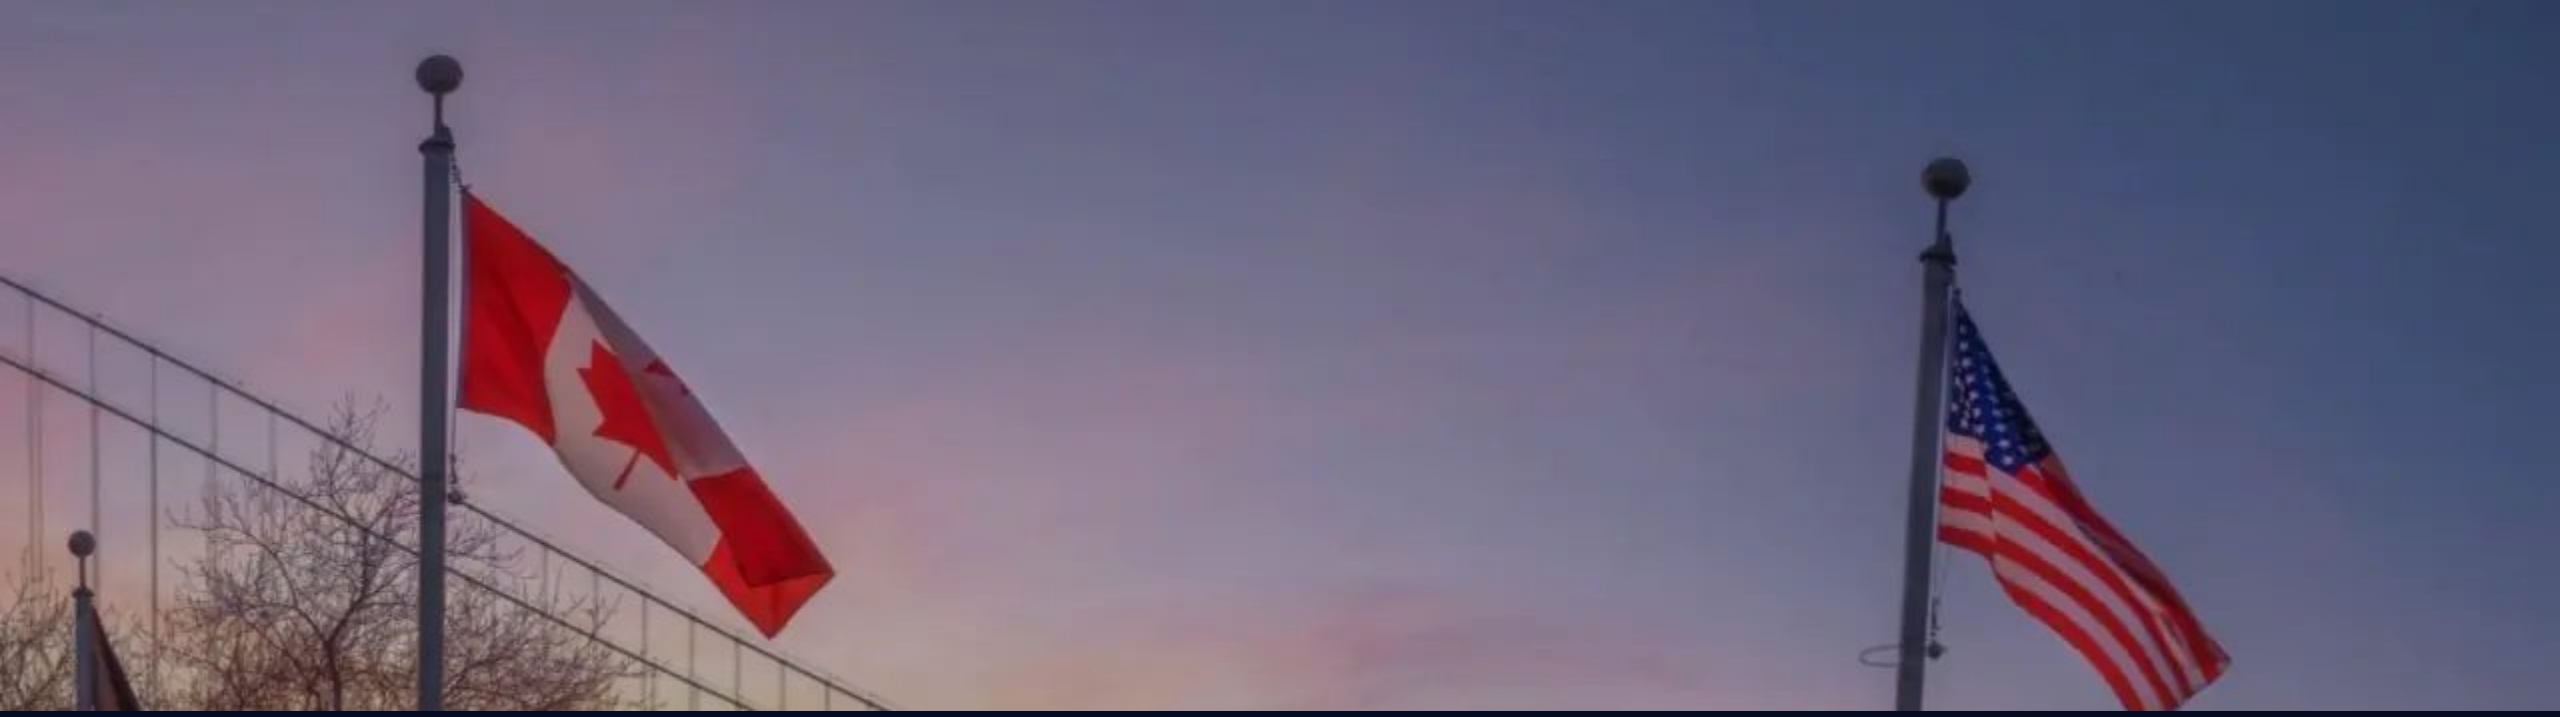
ONE TEAM

Customers, asset drivers, partnered carriers and terminals work from one plan with shared accountability.

RESPONSIBILITY

Reduce empty miles, improve utilization and move to more sustainable equipment and solutions.

WE WORK TO EARN THE NEXT LOAD.



KTX TRANSPORT LTD.

THANK YOU

We appreciate the opportunity to introduce KTX.
Canada · cross border.
